

January Village Foundation News

Thank you to all of you for your donations and participating in all of the Foundation events. We have had a good time and made some money and have helped quite a few residents this past year. I am so thankful that the Lord has provided for what was needed. Remember January 13th will be the Resident Meeting, come and see if you are the lucky one to win \$500.00 toward your rent. My personal life right now is so busy with getting engaged and planning a wedding in February. I am floating on cloud 9 but trying to keep my mind on my responsibilities. Looking forward to a new and brighter and better New Year.

God Bless each of you,
Jan

KNOW YOUR NEIGHBOR

Tiney Husbands hardly needs introduction as most of us know her but do we really know her? She and her late husband, Cal, moved to The Village in 2014 with their dog Jasmine. As the eleventh child, born in Arkansas, Tiney was a 4lb premature baby who, quite literally, was kept in a low heat oven for some time in order to maintain her body temperature. Life wasn't always easy but she affirms that she has no bad childhood memories. At the age of 15 she was sent to live on a farm where she spent two years amidst cows, chickens and goats. Watching her tell the story, it's clear that the experience was deeply meaningful as she beams that she "loved it all, including the making of real butter". Tiney and Cal met and married in Eugene, OR where, together with another couple, they bought a 300 acre tree farm dedicated to reforestation. One of her later special memories is of spending three weeks with Cal in the South Pacific Cook Islands. In her mid twenties Tiney took it upon herself to learn to fly and, in a single-engine Cessna 172, she made her qualifying cross country solo flight to Portland. She continued flying for several years and, to this day, whenever she flies on a commercial plane, finds herself listening intently to the sound of the engines for any possible anomaly - mainly because Tiney worked with Horizon Air (now Alaska Air) for fifteen years familiarizing herself with all things mechanic. Before moving to The Village, Tiney and Cal travelled throughout the US for five years in their 35' 5th wheel RV preferring the back roads and small interesting towns. Tiney's favorite hobby is reading, preferring historical fiction and biographies. And what about The Village? "It's the best place to live out retirement life".

January 2026

Hello Village Friends!

Welcome to 2026 and all the possibilities of a fresh start!

Enclosed with the calendar and newsletter you will find a survey. We will use the answers that you all provide to play "Village Feud." Like the tv show "Family Feud" but it is just us. Responses are anonymous but please do indicate whether you're a man or woman, as some questions are particular to only one gender. Return completed surveys to the survey box on the sign-up table.

We're going to have pizza and trivia in January BUT I will be getting better pizza than in October. We will keep a monthly movie going until the weather becomes warm again. We will also have more speakers and games while it is cold outside.

I think I speak for many of us when I say "Thank You" for the beautiful birthday and Christmas cards. We have such lovely spirit and generosity here.

Your Sister in Christ, Jean Black

SNOWFLAKES

Janet Westburg and Joy Williams tied by counting correctly—and quickly—the number of snowflakes in last month's newsletter. Great job ladies!

December Guessing Game

The winner is #91 Jan Wagoner who guessed that the jar had 25 bows. The actual number was 25.

The January Guessing Game:
How many pieces of star confetti are in the jar?

Happy New Year!

I hope each of you had a good Christmas. The New Year is upon us! A time to think back and learn from the last year and make positive changes for the new year. It is a good practice any time of the year, but especially as the year changes. Sometimes it is hard to see the things that need to be changed and we need to be thankful that we can actually see those things. Then we can be motivated to make the change that needs to be made so that our lives will be better. Sometimes change is thrust upon us whether we like it or not. This month we have asked Karen Hartmann to come and talk to all of us in the community room about how to make changes that we know we need to make following major life events even if we wanted things to stay the same. Also, how can we motivate ourselves to see the changes through even though we don't want the changes to be happening in the first place. Karen is so good at helping us understand the struggles that we go through. She always has good insight into ways to make life better for ourselves. Please come and listen to her presentation on January 19th at 11:00. Don't miss out!

So far this year the weather has been pretty mild as far as temperatures go. Be sure to be prepared and stay safe no matter what the conditions might be. Remember that if it gets cold and slippery that the safest place to be is in your own apartment. Call us if you have needs that we can help with. Don't forget that if it is even the slightest bit unsafe, or if you just don't feel like going out in the weather, we are happy to deliver lunch to you. Just call in your order before 11AM.

We are so thankful for the generous contribution of John Silvestri. He has donated our new big screen TV in the community room. The old one was too small and the picture was fading away. This one has such a wonderful picture and now it will be able to be seen from the whole room. We will enjoy it immensely. Thank you John!!!

Our transitions are continuing. We plan to complete apartments #40 and #303 this month. We will be welcoming back Charlie and Donna Drury to #40 and Barbara Radke to #303. I am happy whenever we can welcome back past tenants who have had to move away for one reason or another. We are glad they are returning. We will be starting #100 and #320 later in the month.

The first phase of the concrete sidewalk work is completed and they are working on the second phase now. It is a bit harder to do this work in the winter when the weather is so unpredictable but they have been doing a really good job so far.

Our Thankfulness Wall this month asks the question: "What change would you like to see in your life this year?" Stop by and share your thoughts and see what others have written.

Have a wonderful January!
Dennis

**REFLECTIVE THOUGHTS**

Greetings, Dear Villagers!

Together we have the privilege of stepping into a new year — a place none of us has ever been before. This season often invites us to look for fresh beginnings or new chances. Yet perhaps what we truly need is to rediscover the old, original ways of being human.

We know all too well that to live is to love. And to be fully alive, we must learn to love fully. No matter how many seasons are behind us, no matter how many scars we carry, we enter this new year with open hearts and a renewed courage to love — to get to know someone new, to let somebody in, to build new friendships, to explore new communities, or to experience something new even with our long-time friends.

May this year keep us rooted in that ancient, life-giving newness.

And may God's mercy — renewed every morning — inspire us to remain fully alive.

Yours in Christ, Pastor Violeta
